Short Office Note.

One form may be used for more than one letter of the same file as long as there is space. The Office Note should be in black ink. Write only on side of this form.

* No. and date of letter, from whom, catch words to denote nature of Subject should be stated, in red ink.

*Subject Letter no. D 860 of the 12th Feb: 03 from the Dy. Comr. of the Bangalore Dist. in regard to the Cooly lines in the Bangalore City.

Note In the year 1899 the Dy: Comr. Mr. Stokes undertook with the sanction of the then Plague Commissioner, the construction of 50 huts at an estimated cost of Rs 6065/- in order to accommodate the municipal sweepers of the Bangalore City, and spent a sum of Rs 1753-5- on account of Plague Funds.

2. In G.O. no. 12457-58 of 7200-93 dated 28th January 1902 it was observed that the cost of the construction of huts

huts to accommodate municipal sweepers was a proper charge on municipal funds and decided that the amount already spent out of Plague funds as well as the balance required to complete the huts should be borne by the municipality.

3 After further correspondence however the Government waived their claim for over the City Municipality for the sum of Rs 1753-5-4 spent out of Plague funds and directed that as those huts were not required for the sweepers of the City they might be made available for occupation by the Cooly population in the town after effecting some petty repairs to them. (G.P. No 5590.1 & L.7 200.93 14.10.02 - Extract from monthly Volume submitted). Govt further decided to advance the amount required for completing the huts from State Fund

Flag A

was directed that any rent that might be recovered from occupiers should be credited to State Funds.

4 The Dy. Commissioner now reports (letter No. D. 960 dt 12.2.03) that in addition to the sum of Rs 175-3-5 a sum of Rs 850-13-7 was spent on the huts prior to the receipt of the above Govt order, and that unless the bills for that amount are paid the completion work cannot be commenced. He accordingly submits two bills amounting to Rs 850-13-7 and an estimate for effecting the repairs suggested amounting to Rs 25-00 & solicits sanction thereto.

The file of papers relating to this subject was submitted to the 1st 2nd Councillor on 5.12.02. But the Councillor's clerk says the file was returned to the Secretary on the 9th Decr 1902. He has however promised to send his issue book after the Councillors' return to Bangalore. The file is not, therefore, readily available.

Proceedings of the Government of

Read.

Government Proceedings No 12457-8/L.F. 200-1893 dated the 28th January 1902, observing that the construction of sheds for the accommodation of the Bangalore City Municipal Sweepers is a proper charge on the Municipality, and directing that the sum of Rupees 1,753-5-4 already spent on that account from Plague funds should be borne by the board.

2 Correspondence ending with letter No. 46 dated the 21st August 1902, from the President of the Municipal Commission Bangalore City soliciting a reconsideration of the above order.

Order thereon No $\frac{55\,90-1}{L.F.\ 200-93}$
Dated Bangalore 4th October 1902.

Having regard to the reasons adduced by the Board Government are pleased to waive their claim over the

Municipality

Municipality for the sum of Rupees 1753-5-4, spent on the sheds referred to from Plague Funds.

2. On a personal inspection of these sheds the Dewan observes that much money has been spent on them and that they should be turned to some good account. It has accordingly been decided in consultation with the Deputy Commissioner that these huts, which are not convenient and useful to sweepers, may be utilized by the Coolly population who are said to be overcrowding verandahs and other houses in the City. The walls may be pointed with chunam or plastered in mud and whitewashed, Mangalore tiles or Zinc sheets being used for roofing.

3. The health officer has stated that a few of these coolies are willing to occupy the huts and pay a reasonable rent.

rent. As an initial inducement to this class of men rent may be remitted for the 1st 3 months and for small rent levied for another 3 months the maximum rent of what is considered reasonable being reached gradually in course of a year or so. If the trial succeeds some more huts may be built.

4. The amount required to complete the present buildings in the economical manner pointed out above will be sanctioned from State Funds. The Deputy Commissioner is requested to carry out these works the collections of rent from these sheds should of course be credited to the State Revenue.
